In politics he has been a Republican, having voted for Fremont in 1856 and for every Republican candidate since, with a single exception, a dozen years ago. Few men in the country have read more attentively the public speeches and addresses of Major Mc Kinley; few are better informed about them and none more heartily in accord with his views. HOUSE PROCEEDINGS ENLIVENED BY AN ACRIMONIOUS DEBATE.

Exchange of Personalities Between Messrs. Barrett, of Massachusetts,

HARDY ALSO WRATHFUL

and Powers, of Vermont.

BECAUSE HE WAS REFUSED UNANI-MOUS CONSENT FOR A SPEECH.

Permitted to Proceed After Threatening Revenge-A. & P. Conference Report Rejected 143 to 71.

Special to the Indianapolis Journal. WASHINGTON, Jan. 29.-Representative Hardy broke into the Congressional Record with a Cuban speech late this afternoon. He had been awaiting a chance for several days to deliver the speech, but had been headed off. To-day he saw his opportunity and seized it. He only had five minutes, and had hardly commenced before the gavel fell. He asked for more time, and when objection was made announced that during the remainder of the session no bill or resolution should pass the House by unanimous consent unless he was permitted to finish his remarks. His threat won, for in about five minutes he was told he could proceed, and did so. On the first lina, begged the indulgence of the House before he concluded his remarks." This sally was received with cheers and laughter. Mr. Hardy insists that there is a conspiracy in the House to choke off expressions of sympathy for Cuba, and says that the members have grown too fond of drinking Spanish minister De Lome's wine and eating his terrapin

#### HOUSE PROCEEDINGS.

Sensational Talk Between Representatives Barrett and Powers.

WASHINGTON, Jan. 29 .- The House today witnessed another exciting and somewhat sensational episode. At the end of an acrimonious debate on the conference report on the bill to confer the rights and road on the purchasers under the mortgage foreclosure, Mr. Powers, of Vermont, and Mr. Barrett, of Massachusetts, exchanged broadsides. Mr. Powers defended the conference report against the assaults of a half score of members, led by Mr. Barrett. The latter was particularly severe in his criticisms, charging that a stock-jobbing operation was behind the measure. This drew from Mr. Powers, near the close of the debate, a reply in which he charged that Boston was the home of the railroad wreckers, and, with keen satire, ridiculed the Massachusetts member, and continued that perhaps he was "interested" in his opposition. Mr. Barrett, in responding, was very vicious, not only denying absolutely any interest in the bill, but scoring Mr. Powers who, he said, was on the Supreme Bench of Vermont when the Central Railroad was "wrecked under its decree." He was not called to order, but Mr. Grout, of Vermont, twice protested against the attack on the judiciary of his State. The report was rejected by an overwhelming majority -71 to 143-and the conferees were instructed to insist on the House amendments. Just before adjournment Mr. Hardy (Rep.), of Indiana, who was refused unanimous consent to continue a political speech he was making, declared that he would retaliate by objecting to every request for unanimous consent for the remainder of

The conference report referred to was the journal. Mr. Powers explained the naferees. One of the provisions of the report which was combated was that providing for an issue of stock by the new company to the amount of the funded debt unpaid at the time of foreclosure and

After a brief general debate Mr. Barrett secured the floor. He declared that he desired to denounce this report as a stockjobbing operation. He asserted that no real principles of the Declaration of Inde- railroad in the country had such a disgracependence—that taxation and representation are inseparable—were fully recognized. We fraud and dishonor. Before closing Mr. Barret severely condemned the great power given by the rules to conferees, which, he said enabled them to bring in propositions indorsed by neither the House or Senate. He said it was a parody on parliamentary POWERS RIDICULES BARRETT.

After remarks by Messrs. Cook, Blue and Flynn in favor of the report and Mr. McRae in opposition, Mr. Powers took the floor to close the debate. He appealed at the outset to members not to be taken off their feet by charges of rascality made by the gentleman from Massachusetts (Barrett). The latter, he said, was probably representing some of those who were interested in the affairs of this company. If any Massachusetts interests were involved, he declared emphatically, they were not involved in the direction of public good. Boston was the place where railroads were wrecked, and it was a dirty bird which befouled its own nest. Massachusetts, he went on ironically, was a great State. had furnished many great men. They had passed away, and we were left to-day, he said, to bask in the sunshine of the gentleman from Massachusetts (Barrett) and learn righteousness at his feet. (Laughter.) He (Barrett) had come to Congress to blossom and bloom, but his destiny had been to wither and waste his beauty on the desert air. Mr. Barrett was very much aroused by

Mr. Powers's ridicule and innuendo, and the moment the Vermont member took his seat he was on his feet. It was evident from his opening words that he did not intend to use a foil. After indignantly denying that he was in any way interested in the opposition to the pending measure or had communicated with anyone on the and the gentleman from Vermont himself he said, menacingly: "The gentleman charges me with being interested. Before I have concluded I shall draw a parallel which I think he will understand." He defied anyone to show that he had any further interest in the matter. He said he was not surprised that the gentleman from Vermont had talked about his being interested in the bill when he remembered the recent debate on the Pacific funding bill, of which the gentleman had had charge, On that occasion grave statements were made to the effect that the bill did not protect the interests of the government. He resented the imputation that Massachusetts men were engaged "in the business of wrecking railroads" and highly eulogized them for their enterprise and public spirit. "I am a young man." he continued. came here with no reputation beyond service in the Legislature of my State, but the gentleman from Vermont came here after a long term of service in the Supreme Court of his State. What was the record of that court? Ask any one of the shareholders of the Central Railroad of Vermont, who were robbed by the decrees of that court, and then let the gentleman from Vermont talk to me of Massachusetts wrecking railroads."

GROUT TAKES A HAND. Mr. Grout, the colleagu of Mr. Powers, the Territorial Legislature to-day passed attempted to stay the torrest of Mr. Barthe bill to prohibit the making of gold con- rett's wrath, and submitted that this "war Grout then raised the point of order that
